

Urgent Ramadan 🌙 Appeal: Support Earthquake Survivors in Afghanistan

Families affected by the recent earthquakes in Afghanistan are facing extreme hardship. Based on our direct engagement with families on the ground, we have witnessed thousands of survivors enduring freezing temperatures, no proper shelter, food shortages, and a lack of clean drinking water. Many have lost their homes and belongings, and the situation has become a severe humanitarian crisis.

We, the Afghan Pashai Community in the United States — a registered nonprofit and charitable organization — are urgently requesting your financial support through Zakat and Sadaqa to help these families. Our team is working to deliver emergency relief, including shelter materials, warm clothing, food packages, and clean water to the most vulnerable—especially children, women, and the elderly who are suffering the most.

How Your Zakat and Sadaqa Help

- * Emergency shelter for families sleeping in the cold
- * Food and essential supplies
- * Clean drinking water
- * Warm clothing and blankets
- * Medical assistance for the injured and vulnerable

Your generosity can save lives. Every contribution—large or small—brings hope and relief to families who desperately need it.

May Allah (God) reward your kindness, accept your charity, and ease the suffering of our brothers and sisters in need. Ameen!
